

Upgrading the Pacific Highway Karuah to Bulahdelah sections 2 & 3

*This project is jointly funded by the Federal and
New South Wales governments*

The NSW Roads and Traffic Authority has engaged Abigroup Contractors Pty Ltd to design, construct and maintain the 23km Pacific Highway upgrade from Karuah to Bulahdelah sections two and three for 10 years.

Construction update – August 2009 to October 2009.

- Two way traffic is now using one of the new carriageways over the full length of the project.
- Completion of new northbound bridge at Houstons Flat.
- Construction of reinforced soil retaining walls for new southbound bridge over Jacks Creek.
- Progressive completion of concrete paving on the second carriageway and opening of the four lane divided highway to traffic in stages

Traffic conditions

Traffic delays may be experienced at times along the highway due to construction activities. Where necessary, changes to traffic conditions and speed limits will be implemented for traffic safety along sections of the project as the works progress.

Safety

Please observe all project signage and traffic control directions during construction.
