## Upgrading the Pacific Highway

### Karuah to Bulahdelah sections 2 & 3

*This project is jointly funded by the Australian and New South Wales governments*

The NSW Roads and Traffic Authority has engaged Abigroup Contractors Pty Ltd to design, construct and maintain the 23km Pacific Highway upgrade from Karuah to Bulahdelah sections two and three for ten years.

#### **Construction update – August to October 2007**

It is expected that movement and placement of earthworks will occur in the following areas:

- Viney Creek.
- Browns Flat to Waterholes Gap.
- Nerong to Burdekins Gap.

As part of these earthworks activities, controlled blasting will occur at Waterholes Gap, Burdekins Gap and at Nerong north and south cuttings.

Site preparation and bridge foundation works will also occur at all seven bridge sites along the project.

#### **Changes to traffic conditions**

Traffic delays will be experienced at times along the highway due to blasting and construction activities.

#### **Safety**

Motorists and pedestrians are advised to observe all project signage and traffic control directions.

#### **Construction hours**

Monday to Friday 7am to 6pm and Saturday 8am to 1pm. Nearby residents will be advised of any construction works to occur outside normal working hours.
