## Upgrading the Pacific Highway Karuah to Bulahdelah sections 2 & 3

*This project is jointly funded by the Australian and New South Wales governments*

The NSW Roads and Traffic Authority has engaged Abigroup Contractors Pty Ltd to design, construct and maintain the 23km Pacific Highway upgrade from Karuah to Bulahdelah sections 2 and 3 for ten years.

### **Construction update – November 2007 to January 2008**

- Earthworks will continue over the full length of the project with controlled blasting required at Waterholes Gap, Burdekins Gap and Nerong north and south cuttings.
- Bridge works will be ongoing at all seven sites along the project.
- Concrete paving will commence south of Nerong in January.

### **Traffic conditions**

Traffic delays will be experienced at times along the highway due to blasting and construction activities.

Where considered necessary, changes to traffic conditions and speed limits will be implemented for traffic safety along sections of the project as the works progress.

### **Safety**

Please obey the signs to ensure worker and driver safety.

### **Construction hours**

Monday to Friday 6:30am to 7pm and Saturday 8am to 1pm. Nearby residents will be advised of any construction works to occur outside normal working hours.
